STATEMENT OF OBJECTS AND REASONS

The Five Year Plans envisage the development of rural masses to achieve the object of increasing national income, providing full employment and reduction of poverty. Under the present planning process, the programmes included specific community schemes of development and there were no schemes as such for economic uplift of individual families. Thus the planning process did not give sufficient opportunities for poorest families to make their individual projects for their uplift.

In order to achieve the objectives of the five year plans and to pave the way for the uplift of the poorest strata of the society it is necessary to take concrete steps for approaching the said section of the society and helping it in formulating and executing small projects by way of providing grants-in-aid, subsidies and loans and if necessary, standing guarantee and providing margin money for raising loans from other institutions.

In view of this the Government of Himachal Pradesh proposes to set up a body corporate for the speedy economic development of weaker sections in this Pradesh and to ensure the co-ordination between the Government agencies on the one hand and the public on the other. The proposed corporate body will also be able to raise institutional finances with a view to implementing the programmes entrusted to it.

The Bill seeks to achieve the aforesaid objectives.

SIMLA:
The 3rd April, 1979.

SHANTA KUMAR,
Chief Minister.

FINANCIAL MEMORANDUM

Clause 3 of the Bill provides for the establishment of the Antyodaya Corporation. It has been provided in clause 5 of the Bill that the authorised capital of the said Corporation shall be such sum not exceeding five crores of rupees as the Government may initially fix and the State Government shall provide the same on such terms and conditions as it may determine. The Corporation will not undertake any commercial activity and is purely a Corporation with Welfare activities and with activities of providing assistance to the weaker sections for their economic uplift.

It is not possible to anticipate the actual expenditure likely to be incurred in this behalf at this stage because the expenditure would be dependent upon the performance of the said Corporation and the demands made by the beneficiaries. The capital to be contributed and the grants-in-aid to be made, if any, by the Government, shall be determined after taking into consideration all relevant factors like availability of funds, the State Government's priorities etc. However, for the effective implementation of the provisions contained in the Bill, the non-recurring expenditure to the tune of Rs. 1.00 lakh and recurring expenditure to the tune of Rs. 1.36 lakhs per annum is likely to be met out of the consolidated fund of the State.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 35 of the Bill empowers the Board to frame regulations in regard to the matters mentioned therein. These regulations shall be subject to the rules to be made by the State Government under clause 36.

Clause 36 of the Bill empowers the State Government to make rules in respect of the matters enumerated therein. These rules shall, as soon as may be after they are made, be laid before the Legislative Assembly.

Clause 37 of the Bill empowers the State Government to make an order or to issue such directions not in consistant with the provisions of the Bill, as may appear to it to be necessary or expedient for the removal of any difficulty which may arise in giving effect to the provisions of the Bill.

This delegation is essential and normal in character.

STATEMENT OF OBJECTS AND REASONS

The Government has been considering the question of augmenting its resources. One such measure is to raise resources by increasing electricity duty on the supply and consumption of electricity in the State. Accordingly, it is proposed to enhance the rates of "electricity duty" in respect of the various categories of consumers of power in the State. The proposed rates are compatible with the rates of electricity duty in other States. It is necessary to amend the Himachal Pradesh Electricity (Duty) Act, 1975.

The Bill seeks to achieve the aforesaid object.
